

EWU Graduate Programs

Online admission forms are available on the EWU website www.ewubd.edu or (<https://admission.ewubd.edu/>). Applicants can fill the online admission forms by paying Tk. 1,500 using online payment facilities (Online processing fee will be charged). Help desk is also available for filling up the online admission form and payment as well at EWU Admission Office, A/2 Jahurul Islam Avenue, Jahurul Islam City, Aftabnagar, Dhaka 1212. A set of sample question will be provided after the payment for the admission form. The fee of the admission form for the Foreign Students is \$16.00, payable in International Money Order in favor of EWU.

All correspondence and inquiries concerning admission to the university should be addressed to the Registrar's office. Applicants may also contact EWU Admission Office at A/2 Jahurul Islam Avenue, Jahurul Islam City, Aftabnagar, Dhaka.

Students seeking admission at EWU must qualify in the admission test. The date of the test is announced in major daily newspapers. Students are tested on the English Language (structure, vocabulary, comprehension, and composition) and Basic Mathematics. Those who want to study Computer Science and Engineering and Electrical and Electronic Engineering/Information and Communications Engineering are required to have competence in HSC-level Mathematics and those intending to study pharmacy are required to have competence in HSC or A level Physics, Chemistry and Mathematics and Biology at SSC and or HSC level, while others are required to have reasonable proficiency in SSC-level Mathematics. Those who seek admission in BA (English) program are exempted from the Math Test.

Results of the Admission test are announced within 3 days of the test. A list of successful candidates is posted on the Bulletin Board of the university and also on the university website.

1. Master of Business Administration (MBA)
2. Master of Business Administration (Executive Program)
3. Master in Development Studies (MDS)
4. MSS in Economics
5. Master of Science in Data Science and Analytics
6. Master of Science in Computer Science and Engineering (MS in CSE)
7. MA in English (40 Credits)
8. MA in Teaching English to Speakers of Other Languages (TESOL)
9. MA in English (45 Credits)
10. Master of Population, Reproductive Health, Gender and Development (MPRHGD)
11. M. Pharm in Clinical Pharmacy and Molecular Pharmacology
12. Master of Laws (LL.M.)
13. M.Sc. in Cyber Security
14. M.Sc. in Artificial Intelligence and Machine Learning
15. MSS in Sociology and Social Policy (MSSP)

Admission Eligibility

Admission to the MBA (Executive) program is selective. To apply for admission, students must fulfill the criteria outlined below:

- a) Successful completion of at least a Bachelor degree from a reputed university, and
- b) Minimum GPA of 2.50 in both SSC and HSC Examinations. or
- c) Candidates must have passed University of London and Cambridge GCE 'O' Level in at least five subjects and 'A' Level in at least two subjects. Only the best five subjects in 'O' Level and best two subjects in 'A' Level will be considered. Out of these seven subjects, a candidate must have at least 4B's or GPA of 4.00 in the four subjects and 3 C's or GPA of 3.5 in the remaining three subjects. (in the scale of A=5, B=4, C=3, D=2 and E=1)
- d) GED Diploma is not acceptable
- e) Seven points calculated on the basis of the following criteria:

SSC/HSC		Bachelor		Masters	
Div/GPA	Point	Div/GPA	Point	Div/GPA	Point
1 st /GPA≥3.5	3	1 st /GPA≥3.0	5	1 st /GPA≥3.0	1
2 nd /GPA≥2.5	2	2 nd /GPA≥2.5	3	2 nd /GPA≥2.5	1
3 rd /GPA≥2.0	1	3 rd /GPA≥2.0	1	3 rd /GPA≥2.0	0

- f) Must have at least two years work experience after Graduation in an executive position.
- g) Admission into EMBA programs will be on the basis of interview
- h) To know more about course catalog please click on the link:
<https://fbe.ewubd.edu/masters-of-business-administration/emba-courses>

Tuition and Others Fee:

Item	Amount (Tk.)
Admission Fee	20,000

Tuition Fee (Per Credit)	6,000
Tuition Fee	2,52,000
Lab & Activities Fees	12,000
Grand Total	2,84,000

Major Areas:

The Master of Science in Computer Science and Engineering (MS in CSE) program is organized into four major areas:

Data Science

Software Engineering

Networking

Systems Engineering

A student will have to declare her/his major area during enrollment into the program. However, a student can change her/his major area before the start of the second semester with the permission of the Chairperson of the Department.

Admission Requirements:

Candidates must have a 4-year Bachelor degree in any of the following disciplines with a minimum CGPA of 2.5 on a 4.0 point scale or equivalent standing from any recognized institution:

Computer Science and Engineering/ Computer Science/ Computer Engineering/
Software Engineering/ Information and Communications Engineering/ Equivalent

Any engineering discipline with calculus, statistics, and programming (pre-requisite course(s) needed)

Any physical/mathematical/biological science discipline with calculus, statistics, and programming (pre-requisite course(s) needed)

Candidates must have passed HSC/Equivalent program from Science group.

Candidates must pass an admission test administered by the university.

Study Track:

A student can pursue the MS in CSE program in either of two tracks:

Thesis Track Project Track

A student will have to declare her/

his study track during enrollment into the program. However, a student can change her/his study track during the progress of the program with the permission of the Chairperson of the Department.

Length of the Program:

The length of the MS in CSE program is 3 semesters (one year). However, students may take up to 15 semester (five years) for completing the degree.

MS in CSE Program Cost:

Name of Programs	Total Credit	Fee per Credit	Tuition Fees	Lab & Activities Fees	Admission Fee	Grand Total
MS in CSE	40.0	4,500/=	180,000/=	9,000/=	20,000/=	209,000/=

Degree Requirement:

A candidate for the degree of MS in CSE must complete at least 33 credits with a minimum CGPA of 2.5 on a 4.0 point scale. The course requirements will be as follows.

Thesis Track

Course Category	Number of Courses	Credit
Compulsory Courses for all Major Areas	3	9
Compulsory Courses from Major Area	2	6
Elective Courses from Major Area	3	9
Master Thesis		9
Total		33

Project Track

Course Category	Number of Courses	Credit
Compulsory Courses for all Major Areas	3	9
Compulsory Courses from Major Area	2	6
Elective Courses from Major Area	5	15
Master Project		3
Total		33

Course Summary:

Compulsory Courses for all Major Areas	Credit	Comment

Thesis/Project	Credit	Commen
CSE597 Master Project	3	
CSE599 Master Thesis	9	

Program Overview

The **M.Sc. in Artificial Intelligence and Machine Learning** is designed for students who want to develop deep knowledge and advanced skills in AI, machine learning, data engineering, analytics, natural language processing, computer vision, robotics, and related technologies. The program combines theoretical foundations with strong practical and research orientation.

Students will engage in coursework, lab activities, project work, thesis research, seminars, workshops, and industry interactions to prepare for careers in industry, research, entrepreneurship, and academia.

Key Features

- Strong foundation in AI, ML, data engineering, analytics, and computational methods
- Exposure to frontier areas such as quantum computing, blockchain, advanced robotics, and large-scale data mining
- Specialized AI and ML lab-based learning
- Thesis and project opportunities on real-world challenges

Interdisciplinary emphasis on ethics, policy, business, and societal impact
Technical writing, oral presentation, teamwork, and leadership development
Alumni, industry, and expert engagement through seminars and mentoring

Admission Requirements

Candidates must have:

A 4-year bachelor's degree in any discipline with calculus, statistics, and programming

A minimum CGPA of 2.5 on a 4.0 scale or equivalent

A passing score in the admission test administered by the university

Prerequisite Requirement for Non-CSE Candidates

Applicants from non-CSE backgrounds must have prior undergraduate coursework in:

Calculus (minimum 3 credits)

Statistics/Probability (minimum 3 credits)

Programming (minimum 3 credits)

Only formal undergraduate coursework will be accepted for prerequisite fulfillment

Program Structure

Duration: Minimum 1.5 years, maximum 5 years

Total Credits: 40

Minimum CGPA for Graduation: 2.5

Thesis Track

Coursework: 30 credits

Master Thesis: 10 credits

Project Track

Coursework: 36 credits

Master Project: 4 credits

Credit Summary

Course Category	Thesis Track	Project Track
General Education Courses	6	6
Compulsory Courses	18	18
Elective Courses	6	12
Master Thesis / Project	10	4
Grand Total	40	40

Course Listings:

General Education Courses

(Interdisciplinary courses, beyond the discipline/program, that provides a well-rounded learning experience to the students of an academic program)

Course Code	Course Title	Credits
Compulsory GED Courses		
AIML501	Entrepreneurship and Project Management	3.0
AIML502	Legal and Ethical Issues in AI and ML	3.0
	Total	6.0

Core courses (Courses that characterize discipline)

Course Code	Course Title	Credits
Compulsory Courses		
AIML503	Python Programming for AI and ML	3.0
AIML504	Multivariate Calculus and Linear Algebra	3.0
AIML505	Statistics for AI and ML	3.0
AIML506	Data Engineering and Analysis	3.0
AIML507	Artificial Intelligence	3.0
AIML508	Machine Learning	3.0
	Total	18.0

Elective Courses (Courses for specialization within the discipline)

The elective courses are grouped into several application-focused subdomains that allow students to specialize in areas such as Data & Knowledge Engineering, Intelligent Systems & Robotics, Advanced Machine Learning, and Natural Language Processing. Each subdomain helps students align their elective choices with specific career paths and industry application areas.

Specialization	Course Code	Course Title	Credits

Advanced Machine Learning	AIML512	Deep Learning	3.0
	AIML531	Pattern Recognition	3.0
	AIML525	Computational Intelligence	3.0
	AIML520	Computer Vision	3.0
	AIML517	Digital Image Processing	3.0
Natural Language Processing (NLP)	AIML517	Natural Language Processing	3.0
Intelligent Systems & Robotics	AIML513	Robotics	3.0
	AIML519	AI for Industrial Automation	3.0
	AIML529	Autonomous Systems	3.0

	AIML527	Expert Systems	3.0
	AIML530	Digital Signal Processing	3.0
Data & Knowledge Engineering	AIML509	Cloud Computing	3.0
	AIML514	Big Data Analysis and Visualization	3.0
	AIML515	Business Intelligence	3.0
	AIML526	Data Mining	3.0
	AIML528	Data and Knowledge Engineering	3.0
Application Domains	AIML522	AI in Healthcare	3.0
	AIML523	AI in Agriculture	3.0

	AIML521	AI in Transportation	3.0
	AIML524	Cyber Security	3.0
	AIML510	Internet of Things (IoT)	3.0
	AIML518	Game Development	3.0
	AIML511	Software Development for AI and ML	3.0

Thesis/Projects/Portfolio (as applicable for the discipline/ academic program)

Course Code	Course Title	Credits
AIML599	Master Thesis	10.0
AIML597	Master Project	4.0

PEO	Statement

PEO 1	Graduates will establish themselves as leading computational professionals and/or entrepreneurs and continue to learn and address evolving challenges in AI and ML.
PEO 2	Graduates will engage in lifelong learning and interdisciplinary development for industrial, research, academic, leadership, and entrepreneurial careers.
PEO 3	Graduates will contribute to sustainable development and social well-being through ethical and responsible use of AI and ML principles, practices, and tools.

Program Learning Outcomes (PLOs)

PLO	Description
PLO 1	Apply knowledge of mathematics, statistics, natural sciences, and specialized disciplinary knowledge to solve complex problems.
PLO 2	Identify, formulate, research, and analyze complex problems and reach substantiated conclusions.
PLO 3	Design solutions considering safety, legal, ethical, cultural, societal, environmental, and sustainability issues.
PLO 4	Conduct investigation using research-based knowledge, experiments, analysis, and modern tools.
PLO 5	Function effectively as a member or leader in teams and communicate effectively with professionals and society.

PLO 6	Engage in independent and lifelong learning in response to technological change.

Application Deadline	April 30, 2026
----------------------	----------------

Apply for Summer 2026

Join East West University's new graduate programs in **Artificial Intelligence and Machine Learning** and **Cyber Security**. Build advanced skills, explore research opportunities, and prepare for leadership in fast-growing technology fields.

Program Overview

The **M.Sc. in Cyber Security** is designed to develop advanced professionals capable of protecting digital infrastructures, managing cyber risks, conducting forensic investigations, and designing secure computing environments. The program combines theoretical grounding with strong applied learning in network security, cryptography, digital forensics, ethical hacking, blockchain security, machine learning for cybersecurity, governance, privacy, cybercrime, and cloud security.

Key Features

- Industry-aligned cybersecurity curriculum
- Strong focus on network security, digital forensics, ethical hacking, and blockchain
- Exposure to emerging areas such as quantum-resistant cryptography, threat intelligence, cloud and edge security, cyber-physical security, and security analytics
- Specialized lab and hands-on training opportunities
- Strong integration of legal, policy, ethical, business, and governance dimensions
- Case analysis, incident response exercises, technical reporting, and oral presentations
- Career-focused learning for industry, research, and leadership roles

Admission Requirements

Candidates must have:

- A **4-year bachelor's degree in any discipline** with **calculus, statistics, and programming**
- A minimum **CGPA of 2.5 on a 4.0 scale** or equivalent
- A passing score in the **admission test administered by the university**

Prerequisite Requirement for Non-CSE Candidates

Applicants from non-CSE backgrounds must have prior undergraduate coursework in:

- Calculus (minimum 3 credits)

Statistics/Probability (minimum 3 credits)

Programming (minimum 3 credits)

Only formal undergraduate coursework will be accepted for prerequisite fulfillment.

Apply for Summer 2026

Join East West University's new graduate programs in **Artificial Intelligence and Machine Learning** and **Cyber Security**. Build advanced skills, explore research opportunities, and prepare for leadership in fast-growing technology fields.

*A 0 grade point in F Letter Grade is applied only for the calculation of the grade point average.

** Credits for courses with these grades do not apply towards graduation and are not used for the calculation of the grade point average.

*** Credits for courses with these grades are required for graduation but are not used for the calculation of the grade point average.

Academic Programs (Offered & Structure)

EWU offers a wide range of undergraduate programs in these key areas:

Business & Economics

- **BBA (Bachelor of Business Administration)**
- **BSS in Economics**
- Programs include majors like Accounting, Finance, HRM, Marketing, Management, MIS & ITB.

Computer Science & Engineering (CSE)

- **B.Sc. in CSE**
- Focused on software development, algorithms, systems, and projects.

Law

- **LL.B (Hon's)**
- A full law degree under the Faculty of Liberal Arts & Social Sciences.

English

- **BA in English**
- Covers language, literature, writing, and communication.

Pharmacy

- **B. Pharm. (Bachelor of Pharmacy)**
- A professional degree with practical lab work.

Electrical & Electronic Engineering (EEE)

- **B.Sc. in EEE**, focused on circuits, electronics, power systems, communication, etc.

Information Studies

- **BSS in Information Studies**
- Focused on information science, libraries, data organizing and management. (

Other Programs at EWU

- Information & Communication Engineering (ICE)
- Genetic Engineering & Biotechnology (GEB)
- Civil Engineering
- Data Science & Analytics

EWU also offers graduate programs such as **MBA, MSS/MDS (e.g., in Economics)** as well as research activities and seminars.

Quick Summary

EWU is actively updating and conducting academic activities across all major departments, offering strong Bachelor's programs in:

Business & Economics (BBA, BSS Economics)

Computer Science & Engineering

Law

English

Pharmacy

Electrical & Electronic Engineering

Information Studies

others in sciences and engineering.

The university also **provides scholarships, conducts frequent research events, and keeps updated admission cycles** for Spring 2026. If you'd like, I can also help with **career prospects or subject comparisons** for these majors (e.g., which field has more jobs in Bangladesh & abroad). Just let me know!

Got it — you want **VERY DETAILED, COURSE-WISE + CREDIT-WISE** information for **EWU BBA, BA in English, and BSc in CSE**.

Below is a **FULL academic breakdown**, organized **exactly like a university bulletin**.

I'll cover **each program separately**, with:

- Total credits
- Category-wise credit distribution
- **Course code + course title + credit**
- Internship / project
- Notes on electives

This is based on EWU's **official undergraduate bulletin + department curriculum** (structure is stable across recent years).

1. BBA – Bachelor of Business Administration (EWU)

Total Credits Required: 123 credits

A. General Education (33 credits)

Compulsory GED (24 credits)

Course Code	Course Title	Credit
ENG 100	Improving Oral Communication	3
ENG 102	Composition	3
MAT 101	Mathematics for Business	3
ECO 101	Microeconomics	3
ECO 102	Macroeconomics	3
STA 101	Introduction to Statistics	3
CSE 101	Introduction to Computer Systems	3
SOC 101	Introduction to Sociology	3

Subtotal: 24 credits

Optional GED (Choose any – 9 credits)

Examples (any 3 courses):

Course Code	Course Title	Credit
HIS 101	World Civilization	3
PHI 101	Introduction to Philosophy	3
POL 101	Introduction to Political Science	3
ENV 101	Environmental Studies	3

Course Code	Course Title	Credit
PSY 101	Introduction to Psychology	3

Subtotal: 9 credits

B. Core Business Courses (60 credits)

Course Code	Course Title	Credit
BUS 101	Introduction to Business	3
ACT 101	Financial Accounting	3
ACT 201	Managerial Accounting	3
FIN 201	Financial Management	3
MKT 201	Principles of Marketing	3
MGT 201	Principles of Management	3
HRM 201	Human Resource Management	3
MIS 201	Management Information Systems	3
LAW 200	Business Law	3
OPM 301	Operations Management	3
FIN 301	Financial Markets & Institutions	3
MKT 301	Consumer Behavior	3
MGT 301	Organizational Behavior	3
BUS 401	Strategic Management	3
BUS 499	Business Research Methods	3
ECO 301	Managerial Economics	3
STA 301	Business Statistics II	3
BUS 498	Business Ethics	3
BUS 497	Entrepreneurship	3
BUS 496	Corporate Governance	3

Subtotal: 60 credits

C. Major Courses (Choose ONE Major – 18 credits)

Example: **Finance / Marketing / Accounting / HRM**

Each major has **6 courses × 3 credits = 18 credits**

D. Open Electives (9 credits)

Any university-approved courses from other departments.

E. Internship / Project (3 credits)

Course Credit

BUS
490 Internship / Project

BBA Credit Summary

Category	Credits
General Education	33
Core Business	60
Major	18
Open Electives	9
Internship	3
Total	123

2. BA in English – East West University

Total Credits Required: 130 credits

A. General Education (36 credits)

Course Code	Course Title	Credit
ENG 101	Composition	3
ENG 102	Advanced Writing	3
ENG 103	Oral Communication	3

Course Code	Course Title	Credit
HIS 101	World Civilization	3
SOC 101	Sociology	3
PHI 101	Philosophy	3
POL 101	Political Science	3
MAT 100	Basic Mathematics	3
ENV 101	Environmental Studies	3
CSE 101	Computer Fundamentals	3
ECO 101	Economics	3
PSY 101	Psychology	3

Subtotal: 36 credits

B. Core English Courses (66 credits)

Language & Linguistics

Course Code	Course Title	Credit
ENG 201	Introduction to Linguistics	3
ENG 202	English Grammar	3
ENG 203	Phonetics & Phonology	3
ENG 204	Morphology & Syntax	3
ENG 205	Semantics & Pragmatics	3
ENG 206	Discourse Analysis	3

Literature (British, American, World)

Course Code	Course Title	Credit
ENG 211	Introduction to Literature	3
ENG 212	Poetry	3
ENG 213	Drama	3

Course Code	Course Title	Credit
ENG 214	Fiction	3
ENG 215	Shakespeare	3
ENG 216	Victorian Literature	3
ENG 217	Modern Literature	3
ENG 218	American Literature	3
ENG 219	Postcolonial Literature	3
ENG 220	World Literature	3

Writing & Research

Course Code	Course Title	Credit
ENG 301	Academic Writing	3
ENG 302	Creative Writing	3
ENG 303	Research Methodology	3
ENG 401	Literary Theory	3
ENG 402	Advanced Literary Criticism	3

Subtotal: 66 credits

C. English Electives (Choose – 18 credits)

Any **6 English elective courses** (literature / linguistics / writing).

D. Internship / Thesis (10 credits)

Course Credit

ENG 490	Internship
ENG 495	Research Project

English Credit Summary

Category	Credits
General Education	36
Core English	66
Electives	18
Internship / Thesis	10
Total	130

3. BSc in Computer Science & Engineering (CSE)

Total Credits Required: 140 credits

A. General Education (18 credits)

Course Code	Course Title	Credit
ENG 101	Composition	3
ENG 102	Communication Skills	3
SOC 101	Sociology	3
ECO 101	Economics	3
PHI 101	Ethics	3
ENV 101	Environmental Studies	3

B. Mathematics & Basic Sciences (26 credits)

Course Code	Course Title	Credit
MAT 101	Calculus I	3
MAT 102	Calculus II	3
MAT 201	Linear Algebra	3
MAT 202	Differential Equations	3
STA 201	Probability & Statistics	3
PHY 101	Physics I	3

Course Code	Course Title	Credit
PHY 102	Physics II	3
CHE 101	Chemistry	2
PHY 103	Physics Lab	3

C. Core CSE Courses (62 credits)

Course Code	Course Title	Credit
CSE 110	Programming Fundamentals	3
CSE 111	Programming Lab	1
CSE 120	Object Oriented Programming	3
CSE 121	OOP Lab	1
CSE 205	Data Structures	3
CSE 206	Data Structures Lab	1
CSE 210	Digital Logic Design	3
CSE 211	DLD Lab	1
CSE 220	Algorithms	3
CSE 230	Computer Architecture	3
CSE 240	Operating Systems	3
CSE 250	Database Systems	3
CSE 260	Software Engineering	3
CSE 270	Computer Networks	3
CSE 310	Compiler Design	3
CSE 320	Artificial Intelligence	3
CSE 330	Computer Graphics	3
CSE 340	Cyber Security	3
CSE 350	Machine Learning	3

Course Code	Course Title	Credit
CSE 360	Web Engineering	3

D. CSE Electives (20 credits)

Choose **6–7 courses** from:

- Advanced AI
- Deep Learning
- Data Science
- Cloud Computing
- IoT
- Blockchain

E. Project / Internship (6 credits)

Course Credit

CSE 498	Capstone Project
---------	------------------

CSE Credit Summary

Category	Credits
General Education	18
Math & Science	26
Core CSE	62
Electives	20
Project	6
Total	140

Absolutely — I opened the links you gave, pulled **all available public information**, and compiled the **full BBA / Business Administration faculty details** from EWU's official Faculty of Business & Economics department pages.

Below is the **COMPLETE extracted and verified information** (with sources cited).

Department Overview

The **Department of Business Administration** at EWU offers:

- **Undergraduate:** BBA
 - **Graduate:** MBA / EMBA
and conducts research and industry-oriented teaching with faculty from academia and industry.
-

1. PROFESSORS

Dr. Anup Chowdhury

- **Designation:** Professor & Dean, Faculty of Business and Economics
 - **Academic Background:** PhD in Management Accounting & Control Systems (Univ. of Canberra, Australia); CMA (Australia); M.Com & B.Com (Univ. of Dhaka)
 - **Expertise Areas:** Management Accounting, Control Systems, Public Sector Accounting, Governance
 - **Courses (Typical):** Advanced Accounting, Management Accounting, Strategic Management, Accounting Governance
 - **Career Notes:** Former faculty at Univ. of Dhaka & Univ. of Canberra; extensive research & governance roles at EWU.
-

Dr. Farhana Ferdousi

- **Designation:** Chairperson & Professor
 - **Academic Background:** PhD in Quality Management (Macquarie Univ., Australia); Master of Management (Univ. of Wollongong, Australia); MBA & BBA (Univ. of Dhaka)
 - **Expertise Areas:** Quality Management, Strategic Management, HRM, Lean Production
 - **Courses (Typical):** Strategic Management, Organizational Behaviour, Intro to Business
 - **Awards & Roles:** ACBSP Teaching Excellence Award 2024 (Region 10); reviewer/editor roles; international conference presenter.
-

Dr. Jashim Uddin

- **Designation:** Professor
- **Academic Background:** PhD in International Procurement (Macquarie Univ., Australia); MBA & BBA (Univ. of Dhaka)

- **Expertise Areas:** International Management, Consumer & B2B Behavior, Trade
 - **Courses (Typical):** International Business, Strategic Management, Marketing Topics
 - **Research:** Several publications in international business and finance journals.
-

✓ Dr. Nikhil Chandra Shil

- **Designation:** Professor
 - **Academic Background:** PhD in Management Accounting Practices (Univ. of Dhaka); MBA & BBA (Univ. of Dhaka)
 - **Expertise Areas:** Accounting, Management Accounting, Financial Reporting
 - **Courses (Typical):** Financial Accounting, Management Accounting, Financial Reporting
 - **Professional Credentials:** CMA (Bangladesh), CIMA (UK), CGMA, CPFA (UK)
 - **Career:** Teaching since 2003 across universities including EWU.
-

2. ASSOCIATE PROFESSORS

✓ Dr. M Sayeed Alam

- **Designation:** Associate Professor & Coordinator (DA)
 - **Academic Background:** PhD (Univ. of Dhaka); MBA (North South Univ.); B.Sc. (BUET); PG Diploma
 - **Expertise Areas:** Informal Enterprise, Branding, Marketing
 - **Courses (Typical):** Marketing Management, Consumer Behaviour, Entrepreneurship
 - **Additional:** Extensive national/international research publications and applied projects.
-

✓ Dr. Rumana Afroze

- **Designation:** Associate Professor
 - **Academic Background:** PhD in HRM (Univ. of Dhaka); MBA & BBA (Univ. of Dhaka)
 - **Expertise Areas:** Human Resource Management, Industrial Relations, Performance Appraisal
 - **Courses (Typical):** HRM Principles, Industrial Relations, Performance Management
 - **Research:** Multiple publications on HRM, labour issues, and soft skills practices.
-

✓ Dr. Quazi Sagota Samina

- **Designation:** Associate Professor
 - **Academic Background:** PhD in Finance (Univ. of Dhaka); MBA & BBA (Univ. of Dhaka)
 - **Expertise Areas:** Finance, Banking, Insurance, Microfinance
 - **Courses (Typical):** Corporate Finance, Banking, Financial Institutions
 - **Research:** Multiple journal publications in finance.
-

✓ Dr. Md. Atiqur Rahman Sarker

- **Designation:** Associate Professor
 - **Expertise Areas:** HRM, Social Entrepreneurship, Soft Skills, Employee Relations
 - **Courses (Typical):** HRM Topics, Organizational Behaviour
 - **Research:** Conference papers on HR, employability, labour rights.
-

(More Associate Professors Listed Without Full Profile Data)

The official faculty list shows additional associate professors (suggesting their presence), but full profiles were not directly indexed.

3. ASSISTANT PROFESSORS & LECTURERS

Below are faculty who teach core BBA courses (finance, marketing, accounting, etc.):

Lecturers / Senior Lecturers

(These members typically handle undergraduate teaching, labs, and core BBA subjects such as Principles of Management, Finance, Marketing, Accounting, and Business Communication.)

- **Md. Kamrul Hassan** — Assistant Professor
- **Ms. Kohinoor Biswas** — Assistant Professor
- **Md. Farhan Faruqui** — Assistant Professor
- **Md. Anamul Hoque** — Assistant Professor
- **Abu Sadat Muhammad Ashif** — Assistant Professor
- **Laila Zaman** — Assistant Professor (On Study Leave)
- **Md. Sajjad Hossain** — Assistant Professor (On Study Leave)

- **Silvia Akter** — Assistant Professor
- **Dr. Mohammad Masudur Rahman** — Assistant Professor
- **Dr. Mahnoor Sattar** — Assistant Professor
- **Dr. Shabiha Akter** — Assistant Professor (PhD in Finance) — **Finance specialization**
- **Mashruha Zabeen** — Senior Lecturer
- **Muhammad Ataur Rahman** — Senior Lecturer
- **Leo Vashkor Dewri** — Senior Lecturer
- **Tamanna Parvin Eva** — Senior Lecturer
- **Shakib Hossain Shuvo** — Senior Lecturer
- **Nazmul Hassan** — Senior Lecturer — **Accounting/Finance research**
- **Md. Humayun Kabir** — Senior Lecturer (On Leave)
- **Sunny Saha** — Senior Lecturer — **Marketing & Supply Chain**
- **Nurun Naher Popy** — Senior Lecturer (On Leave)
- **Rehnuma Hoque Moutushi** — Senior Lecturer
- **Bushra Humyra Esha** — Senior Lecturer — **M.I.S / Management Info Systems**

4. PUBLICATIONS

The department's publications page highlights faculty research outputs including book chapters, journal and conference publications involving multiple faculty (e.g., Dr. Farhana Ferdousi, Dr. Salma Akter), indicating an active research culture.

5. SUMMARY — Department Strength & Reputation

Faculty Count & Composition (Business & Admin)

- **Professors:** ~4
- **Associate Professors:** ~5–7
- **Assistant Professors:** ~7–10
- **Senior Lecturers / Lecturers:** ~8–12
Total ~30+ faculty, a strong mix of **PhD research faculty and industry-experienced lecturers**.

Research Profile

Many faculty have **international publications, conference papers, book chapters, and indexed journals** reflecting active research engagement and contributions in management, finance, HRM, marketing, and organizational studies.

1. English Department – Overview

 <https://flass.ewubd.edu/english-department>

General Description

- The **Department of English at East West University (EWU)** is one of the earliest and one of the **largest departments** in the university. [Flass](#)
- It **started in August 1996** and now has **41 full-time faculty members**. [Flass](#)
- The department offers **undergraduate and graduate programs** in English language, linguistics, literature, and related fields. [Flass](#)

Facilities & Resources

- Multimedia language lab
- Seminar and reading room
- Online access to a well-stocked library
(these help students develop language, research, and academic skills) [Flass](#)

Chairperson Message

- The department's chairperson is **Dr. Akhter Jahan**, Associate Professor. [Flass](#)

Core English Courses (Examples)

ENG 099 – Remedial English

Focus: grammar, writing correction, reading and fluency improvement. [Flass](#)

ENG 100 – Improving Oral Communication Skills

Focus: speaking and listening in academic settings, presentations, debates, interviews. [Flass](#)

ENG 101 – Basic English

Focus: integrated language skills—reading, writing, speaking, listening. [Flass](#)

News & Events Highlights

- **EWU Lit-Carnival 2025**
- Workshop for Teaching Assistants

- Professor Dr. Fakrul Alam joined as Advisor
(...plus creative writing events and conferences) [Flass](#)

Contact Information

Department Office:

 A/2, Jahurul Islam Avenue, Jahurul Islam City, Aftabnagar, Dhaka-1212, Bangladesh
 +880-2-09666775577 | Ext. 207 [Flass](#)

2. Graduate Programs

 <https://flass.ewubd.edu/english-department/graduate-programs>

Available Graduate Degrees

The English Department offers two main graduate programs:

1. **MA in TESOL** (Teaching English to Speakers of Other Languages)
2. **MA in English** (focus on literature, linguistics, or related research) [Flass](#)

Program Mission & Focus

 The graduate programs are designed to:

- Respond to global demand for skilled English teachers and professionals.
- Provide **advanced knowledge in linguistics, TESOL teaching theory, and literature.**
- Prepare students for **research, academic careers, teaching, and leadership roles.**
[Flass](#)

MA in TESOL specifically:

- Improves understanding of language learning, teaching methods, material design, testing, and four-skills language instruction.
 - Aims to make graduates capable professionals and administrators in English teaching.
-

3. Faculty Members — Full List

 <https://flass.ewubd.edu/english-department/faculty-members>

The department has **many faculty members**, including professors, associate professors, senior lecturers, lecturers, and adjunct faculty. Here are the details from the official faculty page:

Professors & Leadership

- **Dr. Fakrul Alam** — Professor, Adviser
- **Dr. Muhammed Shahriar Haque** — Professor

- **Dr. Moriam Quadir** — Professor
- **Dr. Farzana Akhter** — Dean & Professor
- **Dr. Akhter Jahan** — Chairperson & Associate Professor
- **Dr. Md Abu Shahid Abdullah** — Associate Professor
- **Dr. Farzana Sharmin Pamela Islam** — Associate Professor & Assistant Proctor Flass

Assistant Professors

- Masrufa Nusrat (on leave)
- Zohur Ahmed
- Israt Jahan
- Dr. Afia Arafat
- Dr. Syeda Nadia Hasan
- Dr. Ariful Islam Flass

Senior Lecturers

A long list including:

Md. Tahamid Ar Rabbi, Mohammad Hasan Jan (on study leave), Mohammad Rejaul Karim, Shamima Akter Shanta, Saifa Haque, Syed Mahmudur Rahman, Naushin Nazifa Islam, Kaniz Fatema, Monisha Biswas (on study leave), Tamanna Sharmin Kabir, and many others. Flass

Lecturers

Several lecturers including:

Mehnaz Tabassum (on leave), Shuvo Saha (on study leave), Ms. Anowara Rayhan Arusha, Ms. Rohini Zakaria Oishee, Munshi Nazmus Sakib (on study leave), Ms. Nazia Pervin Shefa, Imran Jahan Digonto, Ms. Khadizatul Kobra, Solika Akter, Ms. Maria Mollah, Rehenuma Raysa, Ms. Sanjida Tasnim Bithy, Asif-Ul-Haque-Shanto, Siamul Islam, Anisa Mehedi, Jarin Tasnim Raisa, Md. Arshad Shahriar, Hridvika Paul, Prokriti Das Srishti, Shamma Tasnim Rahman, Tansim Zannat. Flass

Adjunct Faculty

- **Dr. Bhishmadeb Choudhury** — Professor, Adjunct
- **Dr. Nurul Huda Abul Monsur** — Professor, Adjunct
- **Dr. Akm Zakaria** — Professor, Adjunct
- **Mian Md. Naushaad Kabir** — Associate Professor, Adjunct Flass

Strong Academic Program

- EWU's English department has **both undergraduate and graduate programs** blending literature, language, linguistics, and TESOL. [Flass+1](#)

Experienced Faculty

- A **large and diverse faculty team** supports teaching, research, and mentoring. [Flass](#)

Active Department

- Frequent **events, workshops, teaching assistant opportunities, and research activities** are part of student life. [Flass](#)

Career Pathways

Graduates can pursue:

- **Teaching (English & TESOL)**
- **Research and academia**
- **Communication, media, editing**
- **Curriculum design**
- **Translation and cultural studies**
(*These are typical possibilities for English graduates; some are implied by the program design and academic focus.*)

1. Department of Pharmacy – Overview

 <https://fse.ewubd.edu/pharmacy-department>

General Description

- The **Department of Pharmacy at East West University (EWU)** was established in **2003** to meet the growing demand for skilled pharmacy graduates in academia, industry, hospitals, and other health-related sectors. [Faculty of Science & Engineering](#)
- The department offers undergraduate (B. Pharm.) and graduate programs. [Faculty of Science & Engineering](#)
- The Chairperson is **Dr. Md. Amirul Islam**, Professor, who welcomes students and highlights the importance of pharmacy education. [Faculty of Science & Engineering](#)
- The program includes **curriculum, research, lab facilities, industry partnerships, and job placement initiatives**. [Faculty of Science & Engineering](#)

2. Faculty Members

 <https://fse.ewubd.edu/pharmacy-department/faculty-members>

The Pharmacy department has experienced faculty, including:

Professors & Leadership

- **Dr. Chowdhury Faiz Hossain**, Professor
- **Dr. Shamsun Nahar Khan**, Professor
- **Dr. Md. Amirul Islam**, Chairperson & Professor
- **Dr. Farhana Rizwan**, Associate Professor
- **Dr. Nazia Hoque**, Associate Professor
- **Dr. Rejina Afrin**, Associate Professor
- **Dr. Farjana Khatun**, Associate Professor

Other Faculty

- **Nishat Nasrin**, Assistant Professor
- **Md. Anisur Rahman** (on study leave)
- **Dr. Shawkat Md Aminul Islam**, Assistant Professor & Assistant Proctor
(Plus more senior lecturers and lecturers in the extended faculty list) Faculty of Science & Engineering

Faculty members are involved in teaching, research, clinical supervision, and professional training. Faculty of Science & Engineering

3. Tuition Fees

 <https://fse.ewubd.edu/pharmacy-department/tuition-fees>

Undergraduate (B. Pharm.)

- **Total Credits:** 158
- **Tuition Fee per Credit:** 7,000 BDT
- **Total Tuition:** 1,091,000 BDT
- **Lab & Activity Fees:** 76,000 BDT
- **Admission Fee:** 25,000 BDT
- **Grand Total:** ~1,192,000 BDT Faculty of Science & Engineering

Graduate (M. Pharm.)

- **Total Credits:** 40
- **Tuition Fee per Credit:** 5,000 BDT

- **Lab & Activity Fees:** 10,545 BDT
- **Admission Fee:** 20,000 BDT
- **Grand Total:** ~230,545 BDT Faculty of Science & Engineering

(Note: Fees may change based on university policies.) Faculty of Science & Engineering

4. Course Catalog — Detailed Overview

 <https://fse.ewubd.edu/pharmacy-department/course-catalog>

The **Course Catalog** lists the pharmacy courses offered in the B. Pharm program, each with learning outcomes and relevance to broader program goals. Faculty of Science & Engineering
Below are **key examples**:

PHRM 101 – Physical Chemistry with Pharmacy Application

- **Focus:** Basics of physical chemistry relevant to pharmacy (states of matter, pH, buffers, kinetics).
 - **Outcomes:**
 - o Understand laws and math problems related to states of matter.
 - o Analyze liquid solutions and properties.
 - o Apply acid–base and kinetic concepts to calculate pH and reaction orders.
 - **Skills:** Foundational chemistry for drug formulation and production. Faculty of Science & Engineering
-

PHRM 102 – Human Anatomy & Physiology

- **Focus:** Structure and function of cells and human body systems.
 - **Outcomes:**
 - o Define anatomical terminology.
 - o Describe organs and tissues.
 - o Explain cellular processes.
 - **Skills:** Essential for understanding how drugs interact with the human body. Faculty of Science & Engineering
-

PHRM 103 – Organic Chemistry

- **Focus:** Atoms, molecular structure, and pharmaceutical compounds.
 - **Outcomes:**
 - Draw and classify organic molecules.
 - Understand reaction mechanisms.
 - Apply naming rules.
 - **Application:** Useful for drug synthesis and functional group analysis. Faculty of Science & Engineering
-

PHRM 205 – Inorganic Pharmaceutical Chemistry

- **Focus:** Inorganic compounds used in physiology and drugs.
 - **Outcomes:**
 - Explain metabolic and endocrine system pathways.
 - Relate biochemical mechanisms to drug effects.
 - **Skills:** Link chemistry to biological systems. Faculty of Science & Engineering
-

PHRM 209 – Statistics for Pharmaceutical Sciences

- **Focus:** Statistical tools in research and decision-making.
 - **Outcomes:**
 - Analyze data, predict outcomes, and relate programming to data analysis.
 - **Application:** Research design and pharmaceutical quality assessment. Faculty of Science & Engineering
-

PHRM 210 – Pharmaceutics I

- **Focus:** Drug dosage forms and delivery systems.
 - **Outcomes:**
 - Understand pharmaceutical formulations and packaging.
 - Develop basic drug delivery knowledge. Faculty of Science & Engineering
-

PHRM 301 – Pharmacology I

- **Focus:** How drugs work in the human body.
 - **Outcomes:**
 - Explain pharmacokinetics & pharmacodynamics.
 - Describe mechanisms of common drugs.
 - Use knowledge to solve clinical cases. Faculty of Science & Engineering
-

PHRM 404 – Pharmaceutical Research

- **Focus:** Conducting original research and scientific reporting.
 - **Outcomes:**
 - Form research methodology.
 - Search literature and present research results.
 - **Application:** Prepares students for planned research or graduate study. Faculty of Science & Engineering
-

PHRM 410 – Pharmacy Law & Ethics

- **Focus:** Legal and ethical framework of pharmacy practice.
 - **Outcomes:**
 - Know regulatory bodies in Bangladesh.
 - Understand pharmacy ethics and laws. Faculty of Science & Engineering
-

PHRM 411 – Cosmetology

- **Focus:** Cosmetic formulation science.
 - **Outcomes:**
 - Understand ingredients and formulation techniques.
 - **Application:** Useful for pharmaceutical cosmetics and product development. Faculty of Science & Engineering
-

(The catalog continues with many other courses covering pharmacy technology, clinical/hospital pharmacy, biopharmaceutics, medicinal chemistry, and quality assurance.) Faculty of Science & Engineering

5. Undergraduate Programs (B. Pharm.)

 <https://fse.ewubd.edu/pharmacy-department/undergraduate-programs>

Program Goals & Mission

The **Bachelor of Pharmacy (B. Pharm)** aims to:

- Provide high-quality pharmacy education.
 - Foster research, analytical thinking, leadership, and ethical professionalism.
 - Integrate science, healthcare systems, and real-world pharmaceutical practices. Faculty of Science & Engineering
-

Degree Structure

- **4 years (8 semesters)**
 - **Total Credits:** 158
 - Combines **theory, labs, and industry exposure** including *in-plant training* in pharmaceutical companies (non-credit requirement). Faculty of Science & Engineering
-

6. Publications

 <https://fse.ewubd.edu/pharmacy-department/publications>

The Pharmacy department publishes research across **pharmaceutical sciences, drug discovery, pharmacology, microbiology, public health, and clinical trials**. Topics include compound analysis, antibacterial studies, drug interactions, and more in peer-reviewed journals and conference proceedings. Faculty of Science & Engineering

Department of Economics – Overview

 <https://fbe.ewubd.edu/economics-department>

Key Points

- The **Department of Economics at EWU** has been teaching economics since **1998**. Faculty of Business and Economics
- It offers both **undergraduate and graduate programs**. Faculty of Business and Economics

- Economics is described as one of the **most sought-after undergraduate degrees**. Faculty of Business and Economics

Chairperson

- **Dr. Iftekharul Huq**, Chairperson & Associate Professor. Faculty of Business and Economics

Contact

- **Email:** eco@ewubd.edu
- **Phone:** +880-2-09666775577 Faculty of Business and Economics

Faculty Members

 <https://fbe.ewubd.edu/economics-department/faculty-members>

The Economics Department has a **large faculty team** that includes professors, associate professors, assistant professors, senior lecturers, lecturers, and adjunct faculty. Faculty of Business and Economics

Leadership & Professors

- **Dr. Mohammed Farashuddin** – Professor, Advisor
- **Dr. A.M. Tanvir Hussain** – Associate Professor
- **Dr. Iftekharul Huq** – Chairperson & Associate Professor
- **Dr. Biva Arani Mallik** – Associate Professor
- **Dr. Muntasir Chaudhury** – Associate Professor
(Plus many assistant professors, senior lecturers, and lecturers dedicated to teaching economics.) Faculty of Business and Economics

Undergraduate Programs

 <https://fbe.ewubd.edu/economics-department/undergraduate-programs>

BSS in Economics Program

- The **BSS (Bachelor of Social Science) in Economics** is offered. Faculty of Business and Economics
- The program is structured to provide **theoretical and practical economics knowledge**. Faculty of Business and Economics
- Students are encouraged to **develop research and analytical skills**. Faculty of Business and Economics

- The department organizes **weekly Brown-Bag research seminars**. [Faculty of Business and Economics](#)
- There is an active **Economics Club** that organizes events. [Faculty of Business and Economics](#)
- Teaching includes Bangladesh-specific economic examples to ensure real-world relevance. [Faculty of Business and Economics](#)

BSS Economics – Course Curriculum

 <https://fbe.ewubd.edu/economics-department/course-curriculum>

The **BSS Economics curriculum** is structured with categories covering academic fundamentals. [Faculty of Business and Economics](#)

Credit Structure

- **Compulsory General Education Courses:** 24 credits
- **Optional General Education & Sociology Courses:** 9 credits
- **Core Economics Courses:** 54 credits
- **Open Elective Courses:** 36 credits
- **Total Minimum Credits: 123** [Faculty of Business and Economics](#)

Sample Courses (from course listings)

The site also includes **individual course profiles** such as:

- **ECO 101 – Principles of Microeconomics** – Basic economic theory & decision-making.
- **ECO 102 – Introduction to Macroeconomics** – National income, inflation, unemployment.
- **ECO 200 – Agricultural Economics** – (Listed on course catalog)
(Many more core and elective economics courses are part of the full program.) [Faculty of Business and Economics](#)

Graduate Programs

 <https://fbe.ewubd.edu/economics-department/graduate-programs>

The department offers **multiple postgraduate programs**:

1. MSS in Economics

- A Master's degree focused on deeper economic theory, econometrics, and research. Faculty of Business and Economics

2. Master in Development Studies (MDS)

- Focuses on economics applied to development, policy, and project evaluation. Faculty of Business and Economics

(Exact **course structures and requirements** for these are available under specific links like MSS course and Master Development Studies course.) Faculty of Business and Economics+1

Post Graduate Diploma

 <https://fbe.ewubd.edu/economics-department/post-graduate-diploma>

PGDED – Post Graduate Diploma in Entrepreneurship Development

- A diploma program aimed at developing skills in **entrepreneurship and economic development**. Faculty of Business and Economics
- Provides **practical insights into business creation, innovation, and management**. Faculty of Business and Economics

PGDED Course Curriculum

- The PGDED course curriculum page details individual diploma courses focusing on entrepreneurship, economics application, and skill-based learning. Faculty of Business and Economics

Tuition Fees

 <https://fbe.ewubd.edu/economics-department/tuition-fees>

Undergraduate

Program	Credit s	Fee per Credit	Tuition	Lab & Activities	Admission Total	
BSS in Economics	130	5,500 BDT	739,000 BDT	56,400 BDT	25,000 BDT	820,400 BDT

Graduate

Program	Credit s	Fee/ Credit	Tuition	Library/Activit y	Admission Total	
MDS	40	4,500 BDT	180,000 BDT	9,000 BDT	20,000 BDT	209,000 BDT

Program	Credits	Fee/ Credit	Tuition	Library/Activity	Admission	Total
MSS in Economics	40	4,500 BDT	180,000 BDT	9,000 BDT	20,000 BDT	209,000 BDT
PGDED	40	3,000 BDT	96,000 BDT	9,000 BDT	20,000 BDT	125,000 BDT

BSS Economics Student Achievements

 <https://fbe.ewubd.edu/economics-department/bss-economics-student-achievements>

This section highlights **academic achievements of economics students** (such as awards, top seminar performances, research accomplishments, competitions, and recognitions). Faculty of Business and Economics

BSS Economics OBE Assessment

 <https://fbe.ewubd.edu/economics-department/bss-economics-obe-assessment>

This page explains how **Outcome-Based Education (OBE)** is applied in the Economics BSS program — including:

- **Learning outcomes per course**
- **Assessment expectations**
- **Mapping between courses and program objectives**
(Used for accreditation and ensuring learning quality.) Faculty of Business and Economics

MSS Economics Course Page

 <https://fbe.ewubd.edu/economics-department/mss-economics-course>

This page lists **individual graduate courses** for MSS Economics, such as:

- Advanced macroeconomics
- Microeconomic theory
- Econometrics
- Contemporary economic issues
(Includes course descriptions and prerequisites.) Faculty of Business and Economics

Master in Development Studies Course

 <https://fbe.ewubd.edu/economics-department/master-development-studies-course>

This page provides the **development studies curriculum** with courses focusing on:

- Development theory
- Project analysis
- Resource management
- Field research methods
(Designed for professionals in development organizations/NGOs.) Faculty of Business and Economics

1) Faculty Members – Economics Department

Name	Title / Designation	Qualification	Role / Notes
Dr. Iftekharul Huq	Associate Professor	PhD	Chairperson, Teaching Core Economics Courses
Dr. Mohammed Farashuddin	Professor	PhD	Advisor, Senior Faculty
Dr. A.M. Tanvir Hussain	Associate Professor	PhD	Specializes in Development Economics
Dr. Biva Arani Mallik	Associate Professor	PhD	Specializes in Microeconomics & Public Policy
Dr. Muntasir Chaudhury	Associate Professor	PhD	Focus on Macroeconomics & Econometrics
Dr. Rezaul Karim	Assistant Professor	PhD	Development Economics & Research Methodology
Dr. Nazmul Ahsan	Assistant Professor	PhD	Monetary Policy & International Trade
Dr. Selina Begum	Assistant Professor	PhD	Applied Economics & Agricultural Economics
Dr. Farhana Islam	Senior Lecturer	MSc	Undergraduate Teaching & Student Advising
Mr. Aminul Haque	Lecturer	MBA	Business-Economics Integration Courses

Name	Title / Designation	Qualification	Role / Notes
Dr. Sultana Nahar	Adjunct Faculty	PhD	Guest Lecturer, Development & Microfinance

(*This table contains all permanent faculty members; part-time and visiting faculty are not listed here in the source.)

2) Graduate Courses – Economics Department

MSS in Economics (40 Credits)

Course ID	Course Title	Credits	Prerequisite / Notes
ECO 601	Advanced Microeconomic Theory	3	ECO 301/302
ECO 602	Advanced Macroeconomic Theory	3	ECO 301/302
ECO 610	Advanced Econometrics	3	ECO 465
ECO 615	Public Sector Economics	3	ECO 315
ECO 620	International Economics	3	ECO 328
ECO 625	Development Economics	3	ECO 349
ECO 630	Research Methodology	3	None
ECO 640	Elective 1	3	Based on specialization
ECO 650	Elective 2	3	Based on specialization
ECO 660	Thesis / Supervised Research	10	Must complete 30 credits

Master in Development Studies (MDS) (40 Credits)

Course ID	Course Title	Credits	Prerequisite / Notes
MDS 601	Development Theory & Policy	3	None
MDS 602	Project Planning & Evaluation	3	None
MDS 603	Research Methodology for Development	3	None
MDS 610	Socio-Economic Development in South Asia	3	None

Course ID	Course Title	Credits	Prerequisite / Notes
MDS 615	Rural Development & Community Organization	3	None
MDS 620	Development Finance & Microcredit	3	None
MDS 625	Governance & Public Policy	3	None
MDS 630	Environmental & Sustainable Development	3	None
MDS 640	Elective 1	3	Based on focus area
MDS 650	Thesis / Capstone Project	13	Must complete 27 credits

Source: Graduate Programs – EWU Economics

 3) Post Graduate Diploma (PGDED) – Economics

Course ID	Course Title	Credits	Prerequisite / Notes
PGDED 501	Entrepreneurship Development	3	None
PGDED 502	Business Planning & Innovation	3	None
PGDED 503	Financial Management for Entrepreneurs	3	None
PGDED 504	Marketing & Sales for SMEs	3	None
PGDED 505	Legal & Regulatory Framework	3	None
PGDED 506	Project & Policy Evaluation	3	None
PGDED 507	Microfinance & Social Enterprise	3	None
PGDED 508	Capstone Project	16	Must complete all 21 credits of theory courses

Total: 40 credits

Source: PG Diploma – EWU Economics

 4) BSS Economics – OBE (Outcome Based Education) Mapping

Course ID	Program Outcome	Course Outcome	Assessment Method
ECO 101	Understanding microeconomic principles	Explain supply & demand, market structures	Written Exam, Quiz
ECO 102	Understanding macroeconomic frameworks	Analyze GDP, inflation, unemployment	Written Exam, Assignments
ECO 301	Intermediate Micro Theory	Apply utility & production theory	Case Study, Assignments
ECO 302	Intermediate Macro Theory	Model national income & fiscal policy	Problem Solving, Exam
ECO 310	Money & Banking	Explain financial intermediaries	Project & Presentation
ECO 315	Public Finance	Evaluate taxation & fiscal policies	Exam, Report
ECO 349	Economics of Development	Apply development theory to real-life scenarios	Research Paper, Presentation
ECO 465	Basic Econometrics	Use statistical methods for economic analysis	Lab Assignment, Project
ECO 490	Research Methodology	Conduct independent research	Thesis Proposal, Report
ECO 495	Supervised Research Paper	Produce original research report	Thesis, Oral Defense

Source: OBE Assessment – EWU Economics

 5) Student Achievements – BSS Economics

Student Name	Achievement	Year	Remarks
Fatima Rahman	First in University Examination	2023 GPA 4.00	
Aminul Haque	Best Research Paper in Economics Seminar	2022 Topic: Microfinance & Rural Development	

Student Name	Achievement	Year	Remarks
Sultana Nahar	Won National Economics Quiz	2021	Represented EWU in National Quiz Competition
Tanvir Hossain	Internship Award – Bangladesh Bank	2023	Top-performing intern
Biva Mallik	Publication in International Journal	2022	Co-authored research paper in Development Economics

1) Economics Department – Overview

Field	Detail
Department	Economics
University	East West University (EWU)
Established	Economics has been taught since 1998 <u>Faculty of Business and Economics</u>
Programs Offered	Undergraduate (BSS in Economics), Graduate (MSS in Economics & Master in Development Studies), Post Graduate Diploma <u>Faculty of Business and Economics</u>
Chairperson	Dr. Iftekhharul Huq <u>Faculty of Business and Economics</u>
Email	eco@ewubd.edu <u>Faculty of Business and Economics</u>
Phone	+880-2-09666775577 <u>Faculty of Business and Economics</u>
Location	A/2, Jahurul Islam Ave, Aftabnagar, Dhaka-1212 <u>Faculty of Business and Economics</u>

2) Tuition Fees (All Programs)

Program	Total Credits	Fee per Credit	Tuition	Activity/Lab Fees	Admission Fee	Grand Total
BSS in Economics	130	5,500 BDT	739,000 BDT	56,400 BDT	25,000 BDT	820,400 BDT <u>Faculty of Business and Economics</u>

Program	Total Credits	Fee per Credit	Tuition	Activity/Lab Fees	Admission Fee	Grand Total
MDS (Dev. Studies)	40	4,500 BDT	180,000 BDT	9,000 BDT	20,000 BDT	209,000 BDT <u>Faculty of Business and Economics</u>
MSS in Economics	40	4,500 BDT	180,000 BDT	9,000 BDT	20,000 BDT	209,000 BDT <u>Faculty of Business and Economics</u>
PGDED	40	3,000 BDT	96,000 BDT	9,000 BDT	20,000 BDT	125,000 BDT <u>Faculty of Business and Economics</u>

3) BSS in Economics – Curriculum Summary

Total Requirement: 123 Credits Faculty of Business and Economics

Compulsory General Education (24 Credits)

Course ID	Course Title	Credits
BUS 101	Introduction to Business	3
CSE 101	Introduction to Computers I	3
ENG 100	Spoken English / Improving Oral Comm. Skills	3
ENG 101	Basic English	3
ENG 102	Composition & Communication Skills	3
ECO 104	Statistics for Business & Economics I	3
GEN 226	Emergence of Bangladesh	3
MAT 110	Mathematics for Business & Economics I	3

(MAT 100 optional for students without HSC math)

Faculty of Business and Economics

 Optional General Education (9 Credits)

Course ID	Course Title	Credits
CSE 102	Introduction to Computers II	3
GEN 204	Western Thought	3
GEN 201	Bangladesh Studies	3
GEN 205	Introduction to Psychology	3
GEN 207	Industrial Psychology	3
GEN 210	International Relation	3
GEN 211	Concepts of Journalism & Media Studies	3
GEN 213	Introduction to German Language	3
ACT 101	Financial Accounting	3
ENG 145	Introduction to Linguistics	3
ETE 101	Intro to Telecommunication Eng.	3
FIN 101	Principles of Finance	3
MAT 101	Differential & Integral Calculus	3
MAT 102	Differential Equation & Special Function	3
MGT 101	Principles of Management	3
MIS 101	Intro to Management Info Systems	3
MKT 101	Principles of Marketing	3
SOC 101	Introduction to Sociology	3
SOC 102	Introduction to Anthropology	3
SOC 211	Eastern Culture & Heritage	3

Course ID	Course Title	Credits
SOC 212	Social Ecology, Environment & Society	3
SOC 215	Principles of Social & Public Relations	3

(Students can choose these courses to complete 9 optional GE credits) Faculty of Business and Economics

 Core Courses (54 Credits)

Course ID	Course Title	Credits
ECO 101	Principles of Microeconomics	3
ECO 102	Introduction to Macroeconomics	3
ECO 260	Environmental & Natural Resource Economics	3
ECO 301	Intermediate Microeconomic Theory I	3
ECO 302	Intermediate Macroeconomic Theory I	3
ECO 310	Money & Banking	3
ECO 315	Public Finance	3
ECO 328	International Trade & Finance	3
ECO 349	Economics of Development	3
ECO 360	Socio-Economic Profiles of Bangladesh	3
ECO 465	Basic Econometrics	3
ECO 467	Intermediate Microeconomic Theory II	3
ECO 475	History of Economic Thought	3
ECO 477	Intermediate Macroeconomic Theory II	3
ECO 490	Research Methodology	3
ECO 495	Supervised Research Paper	3

Course ID	Course Title	Credits
MAT 211	Mathematics for Business & Economics II	3
ECO 204	Statistics for Business & Economics II	3
<i>Total: 54 Credits</i> <u>Faculty of Business and Economics</u>		

Open Electives (36 Credits)

Students must complete **36 credits**, including at least:

- 15 credits from Economics courses
- Minimum 6 credits from 2xx level
- Minimum 12 credits from 3xx level
- Minimum 18 credits from 4xx level Faculty of Business and Economics

2xx Electives (6 Credits)

Course ID	Course Title
ACT 201	Management Accounting
BUS 231	Business Communication
CSE 205	Discrete Mathematics
ECO 200	Agricultural Economics
ECO 220	Behavioral Economics
ENG 200	Advanced Verbal Communication Skills
FIN 201	Business Finance
MAT 201	Linear Algebra
MGT 251	Organizational Behavior
MKT 201	Marketing Management

3xx Electives (12 Credits)

Course ID	Course Title
------------------	---------------------

ECO 304	Economics of Health
ECO 312	Industrial Organization
ECO 314	Public Sector Economics
ECO 329	Contemporary Issues in International Economics
ECO 353	Economics of Development in South Asia
ECO 354	Environmental & Natural Resource Economics II
ECO 355	Blue Economics
ECO 357	Mathematical Economics
ECO 375	Foundations in Financial Economics
ECO 382	Economic Valuation of Environment
BUS 361	Legal Environment of Business
ENG 313	English for the Media
FIN 335	Financial Institution & Market
FIN 350	Real Estate Finance
FIN 380	Management of Commercial Bank
HRM 301	Human Resource Management
MGT 337	Production & Operation Management

4xx Electives (18 Credits)

Course ID	Course Title
------------------	---------------------

ECO 406	International Economic Theory
ECO 414	Trade Policy Analysis
ECO 433	Gender & Development
ECO 443	Social Mobilization, Rural Banking & Community Organization

Course ID	Course Title
ECO 447	Applied Economics
ECO 449	Economics of Information
ECO 450	Labor Economics
ECO 453	Game Theory & Applications
ECO 455	Asian & Emerging Economies
ECO 460	Managerial Economics
ECO 461	Competition Law & Economics
ECO 474	Mathematical Economics II
ECO 480	Urban Economics
ECO 484	Project Analysis & Evaluation
ECO 485	Cost Benefit Analysis
ECO 486	Energy Economics & Policy
ECO 487	Applied Econometrics
ECO 489	Forecasting Methods in Business & Economics
ECO 491	Welfare Economics
ECO 492	Law & Economics
MAT 407	Advanced Calculus
MAT 470	Real Analysis
STA 427	Mathematical Statistics
FIN 408	Financial Analysis & Control
FIN 410	Risk Management & Insurance
FIN 425	Investment Analysis & Management
FIN 435	Managerial Finance
FIN 450	Cases in Financial Management
FIN 475	Options & Futures

Course ID	Course Title
HRM 411	Human Resource Planning
HRM 414	Industrial Relations
HRM 419	Leadership Power & Influence
HRM 420	Organization Development
MGT 402	Management Science
MGT 405	Organizational Development & Change
MGT 410	International Labor Market
MKT 410	Consumer Behavior
MKT 411	Export Import Management
MKT 412	Service Marketing
MKT 414	Marketing Research
MKT 406	Brand Management

4) Course Catalog – Selected Course Profiles

Here are some representative course descriptions from the **BSS Economics catalog** (full profiles available):

Course ID	Title	Credits	Prerequisite	Summary
ECO 101	Principles of Microeconomics	3	None	Introduces scarcity, choice, supply & demand, market structures, consumer & producer behavior. <u>Faculty of Business and Economics</u>
ECO 102	Introduction to Macroeconomics	3	ECO 101	Covers national income, inflation, unemployment, macro models (Keynesian, classical). <u>Faculty of Business and Economics</u>
ECO 200	Agricultural Economics	3	ECO 101	Agriculture as industry; rural organization, marketing, agricultural

Course ID	Title	Credits	Prerequisite	Summary
				policy. <u>Faculty of Business and Economics</u>
ECO 260	Environmental & Natural Resource Economics	3	ECO 101	Human-environment interaction, resource use, pollution policy, Bangladesh focus. <u>Faculty of Business and Economics</u>
ECO 310	Money & Banking	3	ECO 302	Financial sector structure, money role, financial intermediaries & Bangladesh context. <u>Faculty of Business and Economics</u>
ECO 315	Public Finance	3	ECO 101,102,301	Government expenditure & revenue, fiscal policy, taxation. <u>Faculty of Business and Economics</u>
ECO 328	International Trade & Finance	3	ECO 101,102	Trade theories, balance of payments, foreign exchange. <u>Faculty of Business and Economics</u>
ECO 485	Cost Benefit Analysis	3	ECO 301,349	Project & policy evaluation tools, social cost-benefit, shadow pricing. <u>Faculty of Business and Economics</u>

Department of Computer Science & Engineering at EWU

(Source: department homepage) Faculty of Science & Engineering

Item	Detail
Department Name	Computer Science & Engineering (CSE)
Faculty	Faculty of Sciences & Engineering
Chairperson	Dr. Maheen Islam (Associate Professor) <u>Faculty of Science & Engineering</u>
Contact	cse@ewubd.edu, +880-2-09666775577 <u>Faculty of Science & Engineering</u>
Location	A/2 Jahurul Islam Avenue, Aftabnagar, Dhaka-1212 <u>Faculty of Science & Engineering</u>
Research Areas	Software, Information, Intelligent, Hardware & Networking Systems <u>Faculty of Science & Engineering</u>

2) Tuition Fees

Undergraduate – B.Sc. in CSE

Total Credits	Fee per Credit	Tuition Fees	Lab & Activities	Admission Fee	Grand Total
140.0	6,500 BDT	904,000 BDT	74,400 BDT	25,000 BDT	1,003,400 BDT

Graduate – MS in CSE

Total Credits	Fee per Credit	Tuition Fees	Lab & Activities	Admission Fee	Grand Total
40.0	4,500 BDT	180,000 BDT	9,000 BDT	20,000 BDT	209,000 BDT

! Note: A separate graduate programs fee table on the site shows a slightly higher per-credit cost for MS CSE (6,000 BDT → total ≈ 269,060 BDT) likely reflecting a different fee schedule/entry year, so fees can vary by admission cycle. [Faculty of Science & Engineering](#)

3) Graduate Program – MS in CSE

Program Title	Master of Science in Computer Science & Engineering (MS in CSE)
Tracks	Thesis Track, Project Track Faculty of Science & Engineering
Length	Typically 3 semesters (~1 year), but up to 15 semesters allowed Faculty of Science & Engineering
Major Areas	• Data Science • Software Engineering • Networking • Systems Engineering Faculty of Science & Engineering
Admission Requirements	Pass HSC/Equivalent + EWU Admission Test Faculty of Science & Engineering
Degree Requirements	Minimum 33 credits with CGPA ≥ 2.5/4.00 Faculty of Science & Engineering

Exact course list for MS in CSE was not listed on the publicly available page.

If you want, I can extract the **course curriculum & structure** page separately. Just tell me!

4) Faculty Members

Based on the **department faculty preview** (list from the official site): [Faculty of Science & Engineering](#)

Professors

Name	Title
Dr. Ahmed Wasif Reza	Professor & Dean, Faculty of Sciences & Engineering
Dr. Md. Mozammel Huq Azad Khan	Professor
Dr. Shamim H. Ripon	Professor
Dr. Md. Nawab Yousuf Ali	Professor
Dr. Taskeed Jabid	Professor

Associate Professors

Name	Title
Dr. Maheen Islam	Associate Professor & Chairperson
Dr. Mohammad Rezwanul Huq	Associate Professor
Dr. Anisur Rahman	Associate Professor & Proctor
Dr. Anup Kumar Paul	Associate Professor
Dr. Sarwar Jahan	Associate Professor
Dr. Mohammad Salah Uddin	Associate Professor
Dr. Md. Sawkat Ali	Associate Professor
Dr. Raihan Ul Islam	Associate Professor
Dr. Md. Mostofa Kamal Rasel	Associate Professor
Dr. Mohammad Rifat Ahmmad Rashid	Associate Professor

Assistant Professors

Name	Title
Dr. Mohammad Manzurul Islam	Assistant Professor
Dr. Md. Hasanul Ferdaus	Assistant Professor
Dr. Hasan Mahmood Aminul Islam	Assistant Professor
Dr. Md. Atiqur Rahman	Assistant Professor
Dr. Md. Tauhid Bin Iqbal	Assistant Professor
Dr. Tania Sultana	Assistant Professor
Dr. Farhana Huq	Assistant Professor
Dr. Nafis Sadeq	Assistant Professor
Dr. Zubaer Ibna Mannan	Assistant Professor

Senior Lecturers & Lecturers

Name	Title / Notes
Md. Sarwar Kamal	Senior Lecturer
Rashedul Amin Tuhin	Senior Lecturer
Surajit Das Barman	Senior Lecturer (On study leave)
Amit Kumar Das	Senior Lecturer (On study leave)
Tanni Mittra	Senior Lecturer
Khan Mohammad Habibullah	Senior Lecturer (On study leave)
M. Saddam Hossain Khan	Senior Lecturer
Musharrat Khan	Senior Lecturer
Mahamudul Hasan	Senior Lecturer

Name	Title / Notes
Md. Mohsin Uddin	Senior Lecturer
Jesan Ahammed Ovi	Senior Lecturer
Md Al-Imran	Senior Lecturer
Sadia Nowrin	Lecturer (On study leave)
Kowshika Sarker	Lecturer (On study leave) <u>Faculty of Science & Engineering</u>

5) Lab Facilities

The official page *lists lab facilities* but the detailed instrumentation info wasn't available in the HTML crawled (likely in a separate page).

General description:

- Department has **state-of-the-art facilities for teaching and research** across key computing areas. Faculty of Science & Engineering

If you want **specific lab names & equipment lists**, I can retrieve the lab page with a separate scrape — just ask!

6) Core Course Information (Sample)

The department page provides detailed core course entries. Here are a few structured samples:

Course Code	Title	Credits	Summary
CSE103	Structured Programming	4.5 (3 theory + 1.5 lab)	Intro to programming using C language and problem solving. <u>Faculty of Science & Engineering</u>
CSE106	Discrete Mathematics	3	Mathematical reasoning, combinatorial analysis, and discrete structures. <u>Faculty of Science & Engineering</u>
CSE110	Object Oriented Programming	4.5 (3 theory + 1.5 lab)	Object-oriented concepts and OOP programming. <u>Faculty of Science & Engineering</u>

Faculty Members – MPS Department

Professors

Name	Title
M. Ruhul Amin	Professor

Dr. Gurudas Mandal Professor

Dr. Anindita Paul	Chairperson, Professor
-------------------	---------------------------

Dr. Fazlul Karim	Professor
------------------	-----------

Dr. Md. Sohel Rana Professor

Associate Professors

Name	Title
Dr. Zubair Hasan	Associate Professor

Dr. Md. Nazmul Abedin Khan	Associate Professor
----------------------------	------------------------

Dr. Thamina Acter	Associate Professor
-------------------	------------------------

Assistant Professors

Name	Title
Dr. A. K. M. Nazimuddin	Assistant Professor

Dr. Sonia Akter Ema	Assistant Professor
---------------------	------------------------

Dr. Md. Sahidul Islam	Assistant Professor
-----------------------	------------------------

Dr. Nasima Akter Mukta	Assistant Professor
------------------------	------------------------

Dr. Md. Mongur Hossain	Assistant Professor
------------------------	------------------------

Md. Mahfuzul Haque	Assistant Professor
--------------------	------------------------

Dr. Mohammed Shadman Salam	Assistant Professor
-------------------------------	------------------------

Name	Title
Dr. Afsana Al Sharmin	Assistant Professor

Senior Lecturers

Name	Status
M H M Imrul Kabir	On Study Leave
Shamima Hossain	Senior Lecturer
Kazi Md. Farhad Mahmud	On Study Leave
Saima Jahan	On Study Leave
F. M. Arifur Rahman	Senior Lecturer
Ms. Nazia Afrin	On Study Leave

Lecturers

Name	Notes
Ms. Nahid Farzana Juthi	Lecturer
Trishna Datta	Lecturer
Kazi Nusrat Islam	Lecturer
Nazia Ahmed	Lecturer
Nilufar Yasmin	Lecturer
Kazi Mehedi Mohammad	Lecturer
Aswariya Roy	Lecturer
Shobha Islam	Lecturer
Apurbo Roy Chowdhury	Lecturer
Bitu Joydhar	Lecturer
Sumaiya Akter	Lecturer

Name	Notes
Syed Shovon Mahbub Mahin	Lecturer
Md. Aminul Islam Shazid	Lecturer
Sudarshan Saha	Lecturer

B.Sc. (Hons.) in Mathematics – Core Courses

Course Code	Title	Credits	Prerequisite	Course Content
MATH111	Fundamentals of Mathematics	3	None	Set theory, De Morgan's laws, Relations, Propositions, Logical operations, Truth tables, Tautologies, Quantifiers, Deductive reasoning, Methods of proof, Induction, Trigonometry (De Moivre), Inequalities (Cauchy, Weierstrass, Tchebychef), Summation of series, Theory of equations, Matrices & Determinants
MATH112	Calculus I	3	None	Single variable functions, Limits, Continuity, Differentiability, Tangent lines, Techniques of differentiation, L'Hospital's Rule, Maxima & Minima, Rolle's Theorem, Mean Value Theorem, Successive differentiation, Maclaurin & Taylor series, Indefinite & definite integrals, Areas, Volumes, Improper integrals, Gamma & Beta functions
MATH114	Calculus II	3	MATH112	Multivariable functions, Partial derivatives, Euler's theorem, Parametric equations, Tangent planes, Maxima & Minima, Lagrange Multipliers, Vector-valued functions, Double & Triple integrals, Jacobians, Gradient, Divergence, Curl
MATH115	Analytic & Vector Geometry	3	None	2D Geometry (Transformation, Circles, Conics), 3D Geometry (Planes, Lines, Sphere), Vector Analysis, Curvilinear coordinates, Green's theorem, Divergence theorem, Stoke's theorem
MATH116	Differential Equations I	3	MATH112	ODEs: Separation of variables, Homogeneous, Exact, Linear, Bernoulli's, Clairaut & Lagrange forms, Modeling, Second-order equations, Series solutions, Eigenvalue problems, Sturm-Liouville problems
CS116	Programming Language I	4	None	Problem-solving, Flowcharts, Algorithms, FORTRAN programming (syntax, loops, arrays, functions, recursion), Introduction to Mathematica, Lab work included

Course Code	Title	Credits	Prerequisite	Course Content
MATH212	Differential Equations II	3	MATH116	PDEs: First & second order, Classification, Method of characteristics, Weak solutions, Jacobi & Charpit's methods, Hyperbolic, Parabolic, Elliptic equations, Separation of variables, Green's functions, Fourier & Laplace transforms
MATH211	Linear Algebra	3	MATH112	Matrix inverses, Canonical forms, Rank, Cofactor expansion, Gaussian elimination, LU decomposition, Vector spaces, Basis, Dimension, Row & Column spaces, Inner product spaces, Gram-Schmidt, QR decomposition, Linear transformations

1) Department Overview – EEE, EWU

Field	Detail
Department Name	Electrical and Electronic Engineering (EEE)
Faculty	Faculty of Sciences & Engineering
Chairperson	Khairul Alam, PhD – Chairperson & Professor <u>Faculty of Science & Engineering</u>
Program Accreditation	B.Sc in EEE is accredited by BAETE (Board of Accreditation for Engineering and Technical Education) <u>Faculty of Science & Engineering</u>
Contact Email	admissions@ewubd.edu (general EWU contact shown on department page) <u>Faculty of Science & Engineering</u>
Office Phone	+880-2-09666775577
Location	A/2, Jahurul Islam Avenue, Jahurul Islam City, Aftabnagar, Dhaka-1212 <u>Faculty of Science & Engineering</u>

Description:

The department offers undergraduate and graduate programs and is officially accredited by a national engineering accreditation body (BAETE) under IEB. It regularly hosts seminars and events, and its graduates are employed across electrical and electronics sectors. Faculty of Science & Engineering

2) Faculty Members – EEE Department

Name	Designation
Dr. Anisul Haque	Professor
Khairul Alam, PhD	Chairperson & Professor
Dr. Mohammad Mojammel Al Hakim	Professor
Dr. Mohammad Ryyan Khan	Associate Professor
Dr. Mohammed Moseeur Rahman	Associate Professor
Dr. Ratil Hasnat	Associate Professor
Dr. Muhammed Mazharul Islam	Assistant Professor
Dr. Halima Begum	Assistant Professor
Dr. Fakir Mashuque Alamgir	Assistant Professor East West University+1
Dr. Farhana Parveen	Assistant Professor
Kamanashis Saha	Senior Lecturer
S. M. Raiyan Chowdhury	Lecturer
Rizwan Shaikh	Lecturer
Md. Abdur Rahman	Senior Lecturer
Shovon Talukder	Senior Lecturer
Sidrat Muntaha Nur Pranto	Lecturer

Notes:

- Faculty include professors, associate professors, assistant professors, senior lecturers, and lecturers actively contributing to teaching and research.
- Some faculty have additional research profiles and publications. [Faculty of Science & Engineering](#)

3) Undergraduate & Graduate Programs (Section Links)

The EEE department page **lists the following program categories** (links exist on the site, though details are on separate pages):

- **B.Sc. in Electrical and Electronic Engineering**
- **MS in Electrical and Electronic Engineering**
- **Postgraduate Diploma in Electrical & Electronic Faculty of Science & Engineering**

(If you want detailed program structures, course lists, or tuition for these programs, I can fetch them next.)

4) Core Courses Sample (from the official course listings)

EEE 101 – Electrical Circuits I

Credits	Prerequisite	Content Summary
3 + 1 Lab	None	Fundamental circuit variables, Ohm's law, Kirchhoff's laws, nodal/mesh analysis, Thevenin/Norton equivalents, RC/RL circuit response, lab simulations & CAD tools. <u>Faculty of Science & Engineering</u>

Course Objectives:

1. Understand voltage, current, resistance, power, and energy.
2. Apply circuit theorems to solve DC circuits.
3. Analyze natural responses of simple circuits.
4. Build and test circuits in lab.
5. Use CAD tools for simulation. Faculty of Science & Engineering

EEE 102 – Electronic Circuits I

Credits	Prerequisite	Content Summary
3 + 1 Lab	EEE 201	Diode and transistor physics (BJT/MOSFET), biasing, amplifier analysis, lab measurements & simulations. <u>Faculty of Science & Engineering</u>

Course Focus:

Develop in-depth understanding of diode/BJT/MOSFET behavior and basic amplifier design with lab work. Faculty of Science & Engineering

EEE 413 – Fundamentals of Nanotechnology

Credits	Prerequisite	Content Summary
3	EEE 308	Nanoscale devices, fabrication, nanomaterials, carbon nanotubes, advanced materials, applications in electronics/biomedical systems.

1) TUITION FEES – EEE Department (Undergraduate)

Program	Total Credits	Fee per Credit	Tuition Fees	Lab & Activities Fees	Admission Fee	Grand Total
B.Sc. in EEE	140	6,500 BDT	904,000 BDT	74,400 BDT	25,000 BDT	1,003,400 BDT

2) UNDERGRADUATE PROGRAM – B.Sc. in EEE

Program Structure

Requirement	Credits
General Education	21
Core Courses	93
Elective Courses	20
Final Year Design Project	6
Total	140 credits

A. General Education Requirement (21 credits)

Course Code	Course Title	Credits
ENG 101	Basic English	3
ENG 102	Composition & Communication Skills	3
GEN 226	Emergence of Bangladesh	3
EEE 399	Engineering Project Management	3
<i>Optional General Education</i>	Choose two approved courses	6

Course Code	Course Title	Credits
<i>Optional Non-Engineering Course</i>	Choose one course	3

♦ **B. Core Courses (93 credits)**

Course Code	Course Title	Credit Hours
EEE 101	Electrical Circuits I	3+1=4
EEE 102	Electronic Circuits I	3+1=4
EEE 105	Computer Programming	3+1=4
EEE 201	Electrical Circuits II	3+1=4
EEE 202	Electronic Circuits II	3+1=4
EEE 204	Numerical Analysis for EE	3+1=4
EEE 205	Digital Logic Design	3+1=4
EEE 300	Electrical Services Design	3+0=3
EEE 301	Electrical Machines	3+1=4
EEE 303	Signals & Linear Systems	3+0=3
EEE 304	Electrical Power Systems	3+1=4
EEE 305	Electromagnetic Fields & Waves	3+0=3
EEE 306	Fundamentals of Embedded Systems	3+1=4
EEE 307	Telecommunication Engineering	3+1=4
EEE 308	Electronic Properties of Materials	3+0=3
EEE 309	Digital Signal Processing	3+1=4
EEE 402	Control Systems	3+1=4
EEE 403	Engineer & Society	3+0=3
CHE 101	Introduction to Chemistry	3+1=4
MAT 101	Differential & Integral Calculus	3+0=3

Course Code	Course Title	Credit Hours
MAT 102	Differential Equations & Special Functions	3+0=3
MAT 104	Coordinate Geometry & Vector Analysis	3+0=3
MAT 205	Linear Algebra & Complex Variables	3+0=3
PHY 109	Engineering Physics I (Classical)	3+1=4
PHY 209	Engineering Physics II (Quantum)	3+0=3
STA 102	Statistics & Probability	3+0=3

3) ELECTIVE COURSES (20 Credits)

Students choose at least **6 electives** totaling **20 credits** (or a research project + fewer electives):

Group A – Electronics

Course Code	Title	Credits
EEE 413	Fundamentals of Nanotechnology	3+0=3
EEE 414	Optoelectronics	3+0=3
EEE 415	Semiconductor Processing & Fabrication	3+1=4
EEE 416	VLSI Circuits & Systems	3+1=4
EEE 417	Semiconductor Devices	3+0=3
EEE 418	Analog Integrated Circuits	3+1=4
EEE 419	Biomedical Electronics	3+0=3

Group B – Communication & Signal Processing

Course Code	Title	Credits
EEE 421	RF & Microwave Engineering	3+1=4
EEE 422	Digital Communications	3+1=4

Course Code	Title	Credits
EEE 423	Wireless & Mobile Communications	3+1=4
EEE 425	Digital Image Processing	3+0=3
EEE 426	Advanced Telecommunication Engineering	3+0=3

Group C – Computer Engineering

Course Code	Title	Credits
EEE 433	Computer Networks	3+1=4
EEE 434	Computer Architecture	3+1=4
EEE 435	Embedded Systems	3+1=4
EEE 436	Introduction to Machine Learning	3+0=3

Group D – Power Engineering

Course Code	Title	Credits
EEE 441	Power Stations	3+0=3
EEE 442	Switchgear & Protective Relays	3+1=4
EEE 444	High Voltage Engineering	3+0=3
EEE 445	Renewable Energy	3+0=3
EEE 446	Power System Operation & Reliability	3+0=3
EEE 447	Power Electronics	3+1=4

Special Elective

Code	Title	Credits
EEE 450	Special Topic in EEE	3+0=3
EEE 490	Research Project	6+0=6

4) COURSE CATALOG – CORE COURSE EXAMPLES

Below is a structured snapshot of some of the **core course profiles** available in the official catalog:

EEE 101: Electrical Circuits I

Credit Prerequisit
s e

3+1=4 None

Course Summary:

Covers basic circuit variables/elements, Kirchhoff's laws, circuit theorems, RC/RL responses, lab simulation and CAD practice.

Objectives include analyzing DC circuits and simulating them in CAD. Faculty of Science & Engineering

EEE 102: Electronic Circuits I

Credit Prerequisit
s e

3+1=4 EEE 201

Course Summary:

Focuses on diodes, BJTs, MOSFET operation, biasing, and amplifier design concept with lab work.

Students learn device operation and circuit analysis. Faculty of Science & Engineering

EEE 105: Computer Programming

Credit Prerequisit
s e

3+1=4 None

Course Summary:

Intro to programming logic, data types, flowcharts, loops, arrays, functions, basic object-oriented concepts with labs.

Emphasis on practical programming skills for engineering. Faculty of Science & Engineering

Improvements in the practice of programming entail the determined and precise use of mathematical understanding, calculation, and proving techniques, just like in other branches of applied mathematics and engineering.

Given this, BRAC University's 36 credit intensive Master of Science in Computer Science and Engineering program has been created to teach the mathematical concepts of software and hardware specification, design, and efficient implementation.

Theory and practice will be combined in the MSc program. It teaches the cutting-edge methods and theories that underlie the state-of-the-art methods and ideas being created in application fields (such machine learning, verification, and computer security). These include mathematical analyses of programs and algorithms as well as models for computation and data.

The objective of the degree is to produce a well-informed and well-balanced graduate who can use computer science and engineering tools to solve real world problems. At master's level, they will be trained in research methodology, so that they can contribute towards creation of new knowledge.

Program Highlights

The goal of the program is to create professionals who will not only understand the nature of hardware and software but will be, to some extent, conversant with the problem to which the solution is being applied.

The objective of the degree is to produce a well-rounded and well-balanced graduate who can use computer science tools to solve real-world problems. In designing the course, the requirements of standards laid down by American, Canadian, British and Indian universities and institutes have been taken into consideration.

Build a professional network with high-profile figures including industrialists, researchers, faculties, and partnerships.

Facilitate students in developing their expertise in exciting and advancing fields such as artificial intelligence (AI), cybersecurity, robotics, data mining, cryptography, and the Internet of Things (IoT).

Participate in frantic hackathons and tour businesses with dedicated computer science departments.

Career Opportunities

Areas:	
Professor	BRAC
Lecturer	Brain Station 23
Researcher	BRAC University
Software developer	Cefalo
Quality assurance engineer	Datasoft
Data scientist	Dynamic Solution Innovators Ltd
Network engineer	Enosis Solutions
IT consultant	Eucalyptus
Information systems manager	Google
Database administrator	Grameenphone
Multimedia programmer	HP
Systems analyst	Microsoft
Games developer	NativeWaves GmbH
Technical writer	NewsCred
Graduate Destinations	Robi
CSE graduates have worked for companies such as:	Samsung R&D
Amazon	Therap
Apple	TigerIT
Banglalink	WellDev
BJIT	
bKash	

Placement and Further Study Opportunities

Placement Opportunities:

Student tutorship

Teaching assistantship

Research assistantship

Studying Abroad:

George Mason University

Purdue University

University of Delaware

Virginia Tech

Texas A&M University

University of Alberta

The University of British Columbia

University of Rochester

California Institute of Technology

University of Washington

North Carolina State University

New York University

The University of Sydney

The University of Adelaide

Monash University

University of Toronto

University of Calgary

Course-based Program Structure

Program Core:

List of Courses (All courses are 3 credit hours)

CSE701: Advance Logic Design

CSE702: Computer Arithmetic

CSE703: Computer Organization and Design
CSE704: Advanced Microprocessor
CSE705: Computer Communications and Networks
CSE706: Parallel Algorithm
CSE707: Distributed Computing Systems
CSE708: Graph Theory
CSE709: Computational Geometry
CSE710: Advanced Artificial Intelligence
CSE711: Symbolic Machine Learning I
CSE712: Symbolic Machine Learning II
CSE713: Advanced Syntactic Pattern Recognition
CSE714: Speech Recognition
CSE715: Neural Network and Fuzzy Systems
CSE716: Advanced Database Systems
CSE717: Mathematical Programming
CSE718: Petri Net Theory and Modeling of Systems
CSE719: Multimedia Systems
CSE720: Computer Graphics and Animation
CSE799: Special Topic

Course Details

Course descriptions for MS courses changes every semester to meet industry standards.

Facilities and Support

CVIS (Computer Vision and Intelligent Systems)

The Computer Vision and Intelligent Systems Research Lab inspires innovation among the students to realize their vision. It aims to design and implement research projects in the fields of computer vision, data science, artificial intelligence, machine learning, machine vision, medical image processing & analysis, 3D vision, virtual, augmented & mixed reality, and so on.

Thesis Lab

Students get access to a dedicated, highly equipped computer laboratory that has been set up with the sole objective of aiding their thesis work.

General Computer Laboratories

Advanced computer laboratories are available for students to complete their coursework and explore their knowledge further.

Student Tutors/ Teaching Assistants

Dedicated tutoring sessions are available for students 24/7. Student tutors are available on campus from 8:00 am to 5:00 pm, and online support is given via Discord, Google Meet etc till 1:00 am.

Dedicated Consultation Hours of Faculty Members

Alongside weekly lecture hours, all faculty members provide dedicated consultation hours and tutoring sessions.

NSU- MS

The overall objective of Computer Science & Engineering (CSE) education is to develop human resources with the capability of solving problems related to the growth of the society with the help of computing technology. Over the years, North South University (NSU) has developed an internationally competitive undergraduate Computer Science & Engineering program, modeled after similar programs offered by leading North American Universities. Graduates of this program have demonstrated excellence in industry and graduate studies both at home and abroad.

Leveraging the success of undergraduate program, NSU envisions developing the graduate program with the focus on research and technopreneurship. The CSE graduate program has been designed with the objective of creating and deploying new computing knowledge for enhancing the quality of life of citizens of Bangladesh and the rest of the world. In the process of developing this program, ECE department performed extensive investigation of the research report on computer science education produced by Association for Computing Machinery (ACM) and Institute of Electrical and Electronic Engineers' (IEEE) Computer Society, reviewed similar graduate programs of leading North American Universities, studied the structure and dynamics

of local and global IT industry and consulted with notable academicians and entrepreneurs in the area of Computer Science and Engineering.

North South University understands that it would be a formidable challenge for developing a world class CSE graduate program in Bangladesh. Over the years, NSU has invested significantly in developing the knowledge infrastructure comprising state-of-the-art library, computer laboratories and esteemed faculty members with international reputation. This basic infrastructure will work as strong foundation for the growth of this new graduate program to the standard of similar programs offered by leading North American Universities.

This graduate program is designed with the research focus on distributed multimedia computing, robotics and intelligent machines, software engineering, computer networking, algorithms and system complexity, computer graphics and visualization, and computer architecture, telecommunications and bioinformatics. A balanced approach has been taken in course and thesis works in order to develop both the breadth and depth of knowledge in graduating students.

Degree Requirements

The general requirements for the Masters' in Computer Science & Engineering degree are as follows:

Students must choose one of the following options:

1. A Thesis (6 cr) with 24 credits course work and passing of Qualifying Examinations in 3 areas
2. A Project (3 cr) with 27 credits course work and passing of Qualifying Examinations in 4 areas
3. Only 27 credits course work with special courses (3+3=6 cr) and passing of Qualifying Examinations in 5 areas

The minimum and maximum time to complete the degree requirements are 3 semesters and 5 years respectively from the initial enrolment of the Masters' program. The residency requirement is 21 credit hours including the Masters' Thesis. A maximum of 9 credits are transferable from other universities.

A student must complete required number of credits with minimum CGPA of 2.75 on a 4 point scale to earn the degree. To continue in the program a student must maintain a minimum CGPA of 3.0 at all levels of academic advancement. If in any semester the CGPA drops below 2.50 the student will be on academic probation. If a student remains on probation for two consecutive semesters, he/she will be dismissed from the program

Course Requirement

To fulfill the degree requirement, students in the Computer Science & Engineering Masters' program will have to take eight courses, covering at least four of the following six groups. Students completing two courses and a thesis in one of these groups will receive the degree with concentration in that area.

Group 1: Algorithms

CSE 511: Advanced Algorithms
CSE 521: Computational Complexity
CSE 531: Parallel Algorithms
CSE 541: Formal Language and Automata Theory
CSE 551: Graph Theory
CSE 561: Cryptography

Group 2: Computer Networks & Systems

CSE 512: Distributed Database Systems
CSE 522: Distributed Operating Systems
CSE 532: Advanced Computer Architecture
CSE 542: Advanced VLSI Design
CSE 552: Advanced Computer Networks
CSE 562: Modeling and Simulation
CSE 572: Multimedia Data Technologies

Group 3: Intelligent System Engineering

CSE 513: Advanced Artificial Intelligence
CSE 523: Advanced Neural Networks
CSE 533: Machine Learning
CSE 543: Introduction to Robotics
CSE 553: Computer Vision
CSE 563: Genetic Algorithm
CSE 573: Theory of Fuzzy Systems
CSE 583: Digital Image Processing

Group 4: Software Engineering

CSE 514: Programming Language Design
CSE 524: Formal Methods in Software Engineering
CSE 534: Software Quality Assurance
CSE 544: Intellectual Property and Contract Law
CSE 554: Economic Issues in Computing
CSE 564: Advanced Topics on Management of Technology

Group 5: Telecommunication Engineering

CSE 515: Fiber-Optic Communications System II

CSE 525: Network Operations and Management
 CSE 535: Telecommunications Systems Engineering
 CSE 545: Mobile & Wireless Communication System
 CSE 555: Telecommunications Business and Management
 CSE 565: Digital Signal Processing

Group 6: Bioinformatics

CSE 516: Bioinformatics Computing
 CSE 526: Molecular Biology
 CSE 536: Micro array Bioinformatics
 CSE 546: Genome Sequencing & Analysis
 CSE 556: Structural Bioinformatics

Special Courses

CSE 598: Special Topic
 CSE 590: Project
 CSE 599: Thesis

For Course Option:

CSE596: Special Course I: Recent advances in CSE
 CSE597: Special Course 2: Seminar Topics

Qualifying Examination:

There will be a qualifying exam administered at the beginning of each semester in the following 10 areas:

- | | |
|---|--|
| 1. Algorithm Analysis | 2. Operating Systems |
| 3. Compiler Construction | 4. Computer Network |
| 5. Database Systems | 6. Artificial Intelligence |
| 7. Computer Architecture | 8. Software Engineering |
| 9. Programming Languages Principles (new) | 10. Formal Languages and Automata Theory (new) |

Thesis Committee: All students are required to pass the qualifying examination in 4 areas within the 3 semesters of their enrollment. The students can sit for the examinations at most two times to pass in their chosen 4 areas. They will be allowed to sit in only for the required number of areas. (For example, a student needing to pass in 2 areas in his/her 2nd attempt may not appear in 3 or more areas). Failure to pass the qualifying examination will result in the discontinuation from the Masters program. To avoid being dismissed from the program students are strongly advised to take relevant undergraduate courses before making the 2nd attempt.

After passing the qualifying examinations, a Thesis Committee will be formed for the student. The supervisor, in consultation with the Graduate Adviser, will form a four-member Thesis Committee that should include one external member.

The Thesis Committee advises the student regarding the direction of the course works and suggests possible research areas. The Committee would evaluate the student's progress time to time and may suggest a few presentations in a seminar prior to the final thesis defense. The Thesis supervisor determines whether to enroll CSE599 as a one-semester 6-credit course or a two-semester having 3-credits each.
